Dear Mr. Starrett,

I have received your certified letter regarding the Port ordinance prohibiting concealed weapons in the terminal building. It was certainly not my intention to ignore your original email request; in fact, the same day I received it, I referred the issue to someone (Barbara Jacobson, Aviation General Counsel) who could best address the issue. Barbara Jacobson contacted you by phone soon after and she should be following up in writing.

In light of the Port ordinance language, I suggest that you advise your constituents with CHL's not to carry concealed handguns into the airport terminal building.

Sincerely,

Chief Phil Klahn  
Port of Portland Police
